12  
13 PLAINTIFF'S PROPOSED MOTION  
FOR A FEDERAL SPECIAL MASTER  
ON GENERATIVE AI IN THE  
COURTS, SUPPORTED BY  
ACCOMPANYING REASONING  
PROMPTED FROM OPENAI  
CHATGPT GPT-514  
15 PLAINTIFF'S MOTION FOR A FEDERAL SPECIAL MASTER16 With leave of the Court, the Plaintiff David Morris Clayman respectfully submits this Proposed  
17 Motion as well as the complete conversation prompts and responses with ChatGPT that include  
18 adequate legal reasoning issuing generatively from GPT-5 itself under prompt to support this  
19 Proposed Order. The Plaintiff operates on an "overlay model of responsibility". The Plaintiff  
20 accepts 100% responsibility and accountability for unwittingly submitting fictitious case quotes  
21 in real citations. The Plaintiff points out, though, that OpenAI bears overlaid accountability and  
22 responsibility that at this point likely rises as high as a second full and independent 100% dose of  
23 accountability and responsibility.24
